Travel Policy

1. Purpose

This policy explains how Acme employees book business travel and claim reimbursement for travel costs. It applies to all employees, and to contractors who travel at Acme's request.

2. Booking travel

Book flights, trains and hotels through the travel portal at least 14 days before you travel. Economy class is standard for flights under six hours. Flights of six hours or more may be booked in premium economy with your manager's approval.

3. Daily limits by city

Hotel and meal costs are reimbursed up to the daily limits below. Limits are per person and include taxes. Use the Other cities row for any city not listed.

City	Hotel per night	Meals per day
London	USD 250	USD 75
New York	USD 300	USD 75
Singapore	USD 220	USD 60
Other cities	USD 180	USD 50

4. Claiming travel costs

Claim travel costs in the expense system, as described in the Expense Reimbursement Policy, and attach itemised receipts. Costs above the daily limits need written approval from your manager before the trip.

5. Safety while travelling

Register every international trip in the travel portal, so the Security Team can reach you in an emergency. Report a lost or stolen laptop or phone straight away, as described in the Security Incident Reporting policy.
